

# RM 735

Disinfecting agent

## PRODUCT INFORMATION

**neutral disinfectant – bactericide / fungicide / virucide**

### Properties:

- \* neutral disinfectant
- \* bactericide, fungicide (Candida), limited virucide (Hepatitis B)
- \* to protect surfaces
- \* applicable manual and with high-pressure machines
- \* pH- value in concentrate approx. 7,5
- \* clear, colorless with characteristic odour

### Fields of application:

- \* sanitary area
- \* food area
- \* agriculture
- \* kindergartens and schools
- \* solaria

### tips of use and processing:

|                 | dosing     | temperature | reaction time            |
|-----------------|------------|-------------|--------------------------|
| * manual        | 0,75 - 2 % | cold        | 15 min(2%) to 4h (0,75%) |
| * RM-sprayer    | 0,75 - 2 % | cold        | 15 min(2%) to 4h (0,75%) |
| * FS 2000       | 0,75 - 2 % | cold        | 15 min(2%) to 4h (0,75%) |
| * high-pressure | 0,75 - 2 % | cold        | 15 min(2%) to 4h (0,75%) |

Concentration and reaction time depend on the degree of germination and on the demand on the degree of degermination in the special field of application according to the demands of the DGHM, DVG or the special comparable national institutes.

Example Hepatitis B: 1,5% - 60 min.

- Please require our certificates regarding this matter! -

### Economy:

1 l is sufficient for a manual disinfection of approx. 500 m<sup>2</sup> – when 1% dosed by a medium demand.

### Handling:

Put water into a mixing container, add RM 735 under stirring and mix carefully.

### Remarks:

- \* we recommend the altering use with an other cleaning- or disinfection agent (e.g. RM 732), to avoid the forming of resistant bacteria mutants
- \* when manual applied, use protective gloves
- \* store frost free

Disinfecting agent

## PRODUCT INFORMATION

### **Attention:**

Xi Irritant; R 38 Irritating to skin

R 41 Risk of serious damage to eyes

S 2 Keep out of the reach of children.

S 23 Do not breathe spray.

S 26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S 28 After contact with skin, wash immediately with plenty of soap and water.

S 37/39 Wear suitable gloves and eye/face protection

S 51 Use only in well-ventilated areas

S 60 This material and its container must be disposed of as hazardous waste

**Use biocides safely. Always read the label and product information before use!**

### **Certificates:**

\* DGHM (Deutsche Gesellschaft für Hygiene und Mikrobiologie)

\* DVG (Deutsche Gesellschaft für Veterinärmedizin)

### **Further information:**

\* Material safety data sheet

### **Processing:**

Object: e.g. toilettes

\* apply cleaning agent-solution with the elected tool

\* watch the recommended reaction time resp. let it dry

\* in the food area (surfaces, which contact with food) rinse with drinking water

\* rinse machines after application with clear water
