

RM 762

Care tex carpet impregnation

PRODUCT INFORMATION

Long-lasting protection for carpets

Properties:

- * highly effective textile protector for a dry dirt-resistant, fibre stabilizing finish of carpets, carpetings, upholstery, car upholstery
- * optimal protection with long term effect
- * economical in consumption
- * surfactants biodegradable in accordance to OECD
- * clear liquid with characteristic odour
- * pH-value approx. 9 in concentrate

Operation:

- * Care tex coats every fibre with a protective film
- * fibres do not paste together
- * dirt lies freely on the base material and can be easily vacuumed
- * wet cleaning intervals are extended

Fields of application:

- * building cleaning field
- * household
- * motor vehicle shop
- * new and used carpets and upholstery

Processing: the surfaces to be treated have to be pre-cleaned by spray extraction

	pre-dilution	dosing	temperature
* cleaning agent-sprayer/ spray extraction machine	1+7	the pre-dilution	cold

Fill solution into the cleaning agent sprayer or machine tank and then apply constantly at a distance of about 30 cm with the spray lance or floor nozzle.

Economy:

1 litre RM 762 at a pre- dilution of 1+7 is sufficient for approx. 40 m² with the spray extraction machine.

Remarks:

- * after spray extraction cleaning of used carpets, extract once again with clear water
- * concerning new carpets: one spray extraction with fresh water is sufficient
- * the impregnation solution can be applied on the moisty ground
- * drying time about 6 hours according to temperature and humidity
- * do not walk on moisty surfaces
- * check the non-fading of the material at an inconspicuous place
- * store frost-free
