

RM 800 ASF

Intensive wheel cleaner

PRODUCT INFORMATION

RM 800 ASF is a very effective **wheel rim cleaner for cars and commercial vehicles** specially for prespraying either manually or with a prespraying device prior to the entrance of the washing plant.

The self-acting foam enhances a gentle removal of kinds of typical dirt on wheel rims like brake and tyre abrasion, lime spots and salt spots.

Some further advantages: RM 800 ASF is easily biodegradable in accordance with EEC 648/2004. Additionally RM 800 ASF does not affect the efficiency of oil separators.

Instructions for application:

Type of plant	Predilution (RM + water)	Application strength based on original concentrate
manually	1 + 9	approx. 10 %
prespraying device	1 + 9	approx. 10 %
