

RM 820 ASF

Hot wax

PRODUCT INFORMATION

RM 820 ASF is a concentrated liquid **thermo wax for the preservation** in coin-op plants and vehicle washing plants with hot wax device. Alternatively it can be applied cold. RM 820 ASF is suited for washing plants with blower.

A shining preservative coating is generated and the rain water drips off easily. RM 820 ASF is free from mineral oils and hydro carbons.

Some further advantages: RM 820 ASF is easily biodegradable in accordance with EEC 648/2004. Additionally RM 820 ASF does not affect the efficiency of oil separators.

Instructions for application:

Type of plant	Predilution (RM + demineralised water)	Application strength based on original concentrate
brush wash plant	undiluted	0,1 to 0,2 %
coin-op plant	depends on type of plant	0,1 to 0,2 %
hp device	1 + 9	0,1 to 0,2 %

Temperature: max. 80 °C

Store in a frost-proof place!

Avoid overdosing!

Use only demineralised water for predilution!

pH-value concentrate: approx. 4
